

TEAM MEETING WEEK SIX

Big Picture

This is it! With Week 6's final video, all of the clues to the treasure's location will be out in the open. Will your team be the first to solve the puzzle?

Week Objectives

1. Visit the Smithsonian Museum Virtual Tour
2. Complete the challenge.
3. Solve the treasure hunt.

Kick Off

Welcome. Can you believe it's coming to an end? How has Brain Chase helped each of your students progress over the past several months? What have been your favorite parts of the program, and how might it be improved in the future? Please complete the survey and encourage your team to complete the student surveys.

Suggested time: 30 minutes

Activity 1

Academic Challenges. While Week 6 is the last official week of the Chase, your accounts will remain active for an additional two weeks to allow students to complete the program, watch the videos, and make additional guesses to find that treasure. You may want to hold additional meetings to allow your team to do this.

Suggested time: 180 minutes

Activity 2

Bonus Challenge. The final Bonus Challenge will send Mae and her team on a scavenger hunt through the Smithsonian Museum. Follow the link and instructions provided on the Bonus Challenge page, and as always, visit the Brain Chase blog for ideas about taking the challenge to the next level.

Suggested time: 90 minutes

Activity 3

Treasure Hunt. Try to finish your academics quickly this week in order to quickly unlock the final video. The first student or team to correctly identify the treasure's location (within two miles) wins. If no winner is identified by Monday, August 7, Brain Chase will begin releasing one clue every day until the treasure is found.

Suggested time: 60 minutes

Preparation

- ◇ Become familiar with the Smithsonian Museum Virtual Tour (no download necessary)
- ◇ Art Supply List: Face paint, several cups of water, paint brushes, paper towels.

Other Tips

- ◇ Don't forget to complete the end-of-course surveys! We'd love to hear about your experience with Brain Chase.
- ◇ Have technical or program questions? Reach out to the Brain Chase team at info@brainchase.com.
