

## TEAM MEETING WEEK TWO

### Big Picture

Get into the rhythm of the semester with more learning!

### Week Two Objectives

1. Make progress toward personalized learning goals.
2. Explore the Google Art Project.
3. Collect clues!

### Kick Off

**Welcome.** With a complete week of Brain Chase under your belts, this week should be smooth sailing. Ask your students if there are any questions or concerns from week one.

**Suggested time: 30 minutes**

### Activity 1

**Academic Challenges.** Students should start to get a hang of how our weekly academic challenges work. Remember, to encourage teamwork and enthusiasm for learning.

**Suggested time: 180 minutes**

### Activity 2

**Bonus Challenge.** The Google Art Project is a rich resource that you and your team can explore together this week. Complete the Bonus Challenge together as a team, then visit the Brain Chase blog for some of our favorite parts of the Google Cultural Whatever. What treasures can your students find using this amazing tool?

**Suggested time: 90 minutes**

### Activity 3

**Treasure Hunt.** Review the second video from Week One and the first video from Week Two together. Can you find several clues in each video? Do you see any patterns or related clues?

**Suggested time: 60 minutes**

### Preparation

- ◇ Familiarize yourself with the Google Art Project. Heads-up—there can be nudity.
- ◇ At least two different paint colors, white paint, clear sealant, painter's tape, paint brushes (different sizes are okay), bowls for the paint, one large canvas

### Other Tips

- ◇ Remember: All team electives are designed to be interactive. Please encourage your team to work together, challenge each other, and include members who may not be as actively involved.
